

**GEWISS**

**Power distribution  
and connection  
system**

Socket-outlets and combined  
units to IEC 309 standards

euro **BLOC** 2007

# More than 18.000 products

## EURO DIN

A technologically advanced offer of modular devices and moulded case circuit breakers, to be integrated with the vast range of enclosures and distribution cabinets, control units and combined boards for the creation of the GEWISS Protection System.

## EURO DOMO

A highly developed and well designed range which offers advanced solutions for power and information distribution and in the management of comfort and safety.

## EURO BLOC

Highly advanced industrial connections with multiple functions and applications and an integrated system of distribution boards for special systems, either fixed or mobile, for coordination of the electrical system in a very attractive and functional way.

## EURO BOX

GEWISS has been the leader for many years in the sector of junction boxes and special enclosures which can be integrated from a complete and coordinated line of control panels and distribution boards for flush or surface mounting.

The GEWISS conduit system is the element which unites the various components of the integrated system. These are offered in a wide range for all types of realizations and include cable trays in steel and PVC, plastic trunking and protective conduit, either flexible or rigid.

## EURO LITE

Lighting products complete the Integrated Electrical System. These are technologically advanced and attractive products which are ideal for use in industrial and road lighting, and as a decor for indoor and outdoor besides for emergency lighting.

# Power distribution and connection system

GEWISS offers a complete industrial type power distribution and supply system to meet many configurations. Building site distribution systems (68 Q-BOX/Q-DIN range), energy and service distribution terminal system (68 Q-MC range) and terminal distribution boards (68 Q-DIN range) internally integrate them with interlocked switched socket-outlets system (66/67 IB range).

## 48 PTC RANGE

Flush-mounting  
sockets enclosures

## 68 Q-MC RANGE

Energy and services  
distribution  
terminal system

## 68 DIN RANGE

Distribution boards

# A COMPREHENSIVE SYSTEM

## 68 Q-BOX RANGE

Construction sites  
distribution boards

## 66/67 IB RANGE

Wall and  
flush-mounting boxes

## 66/67 IB RANGE

Standard and heavy duty  
interlocked sockets

## 66/67 IB RANGE

Flanged lids

# IEC 309 Range

Plugs and sockets to IEC 309 Standards

## 16A AND 32A LOW-VOLTAGE INDUSTRIAL PLUGS AND SOCKETS TO IEC 309 STANDARDS
